TOBIN'S

PIZZA

CHICKEN & SPAGHETTI

Featuring:

Momma Teresa's Pan Pizza — Golden Fried Chicken — Giant Spaghetti Dinners
Sandwiches — Salads — Garlic Bread — Ice Cold Beer

How to reheat Tobin's at home:

Preheat oven to 450° and place pizza on shelf or open rack for best results. It can be placed on cookie sheet if you like it less crisp. (Microwave cooking seems to make our dough soft and moist.) Be sure to remove the paper and cardboard before putting pizza in oven. We can pre-cook your pizza so you may finish it later at your convenience.

Thanks, Tobin's

Tobin's Pizza Story

Our pizza begins with a not real thick yet not paper thin, golden crust, never soggy and never messy on the bottom or sides (like our competitors). Of course we make this crust and roll it ourselves to get it this way. Next we top this golden crust with our mildly seasoned, red ripe tomato sauce. Next and almost last is the cheese, rich and buttery always cooked til it is golden (never stringy or burned). Now it is your turn, choose any of the toppings available and you are on your way to a perfect pizza.

Momma's Got A Story Too!

We make a bread type dough, that when finished is light like bread, not a soggy noodle dough. Then we take our own blend of cheeses and cover the dough completely. Next, we top this with generous portions of your favorite toppings. And last but not least, we take whole cooked tomatoes and break them up and put a heaping helping on top. We then add another cheese and sprinkle a couple of herbs and spices on top of this and then bake it in a deep pan til it's "justa right." It is very filling, so maybe we can suggest starting with a small one. We'd love to sell you a Giant, but it breaks our hearts to see delicious pizza go to waste. Our pizzas take a little longer to bake than "what's his name," but we think that after you try them, you'll be glad you waited the few extra minutes.

Jim's Bits and Pizza

2011

On an annual basis, we use:

1,497,600 one-ounce slices of cheese (93,600 lbs)
40,625 lbs of sausage (enough for 162,500 quarter pounders)
131,040 cups of pizza sauce (1,048,320 ounces or 8,190 gallons)
151,840 lbs. of dough (75 tons)
2,496,000 pieces of pepperoni (We counted them plus or minus 1% - 48 miles if laid end to end)

*I've learned that when things go wrong,
I don't have to go with them.*

On an average Friday night from 4:30 pm til 8:30 pm we will have made approximately 850 pizzas (all individual combinations, 1/2 this and 1/2 that, etc; This is one pizza every 17 seconds.)

We hope you enjoy us sharing this with you. Without you none of this would be possible. We really do "Thank You," our friends and customers.

*If you want to leave footprints in the sand of time,
don't drag your feet.*

Some favorite combinations: For a refreshing change, try Ham and Pineapple. Keep an open mind, you might be surprised. For the meat lover, try a hearty combination of Sausage, Pepperoni, Ham and Bacon. Delicious! The Tobin Special is an old favorite, but if you are tired of driving your old reliable station wagon, try the Cadillac of pizza, the Tobin's Everything!

Tobin's Steakhouse?? I suppose if steaks were what we specialize in, we would have named it that. We named it Tobin's Pizza because pizza is what we do best. Our oven is one temperature, 500° F. We don't have a grill with separate controls for well done, rare, extra crispy, lightly done, etc... We do our best to bake your pizza the way you request it, but we can only control it to a certain point.
